| Origin of Earth         |  |
| Earth's Characteristics |  |
| Geological Time Scale   |  |
| Earth's Interior        |  |

## Second Semester Course Plan

|                                  |
|----------------------------------|
| Continental Drift Theory         |
| Seafloor spreading               |
| Plate Tectonics                  |
| Earthquake                       |
| Tsunami                          |
| Volcanoes                        |
| Rocks                            |
| Earth Movements                  |
| Weathering                       |
| Mountains, Plateaus & Plains     |
| River Landforms                  |
| Glacial Landforms                |
| Desert Landforms                 |
| Coastal Landforms                |
| Karst Landforms                  |
| Lakes                            |
| <b>Climatology</b>               |
| Atmosphere                       |
| Temperature                      |
| Heat Budget                      |
| Pressure                         |
| Winds                            |
| Evaporation & Condensation       |
| Clouds                           |
| Precipitation                    |
| Tropical Cyclones                |
| Airmass                          |
| Fronts                           |
| Temperate Cyclones               |
| <b>Oceanography</b>              |
| Ocean Relief                     |
| Waves                            |
| Tides                            |
| Currents                         |
| Salinity                         |
| Temperature                      |
| Ocean Resources                  |
| Coral Reefs                      |
| El Nino & La Nina                |
| <b>Indian Physical Geography</b> |

## Second Semester Course Plan

|                              |
|------------------------------|
| India as a Geographical Unit |
| Rocks                        |
| Physiography                 |
| Mountains                    |
| Plains                       |
| Peninsula                    |
| Ghats                        |
| Coastal Plains               |
| Islands                      |
| Rivers                       |
| Monsoons                     |
| Soil                         |
| Vegetation                   |
| Mineral Resources            |
| Energy Resources             |
| Land Resources               |
| Water Resources              |
| Agriculture                  |
| Industries                   |
| Transport                    |
| <b>World Geography</b>       |
| Africa                       |
| Asia                         |
| Antarctica                   |
| Australia                    |
| Europe                       |
| North America                |
| South America                |

|                                       |
|---------------------------------------|
| <b>Economy</b>                        |
| <b>Banking &amp; Financial Sector</b> |
| Basics                                |
| Money Market                          |
| Capital Market                        |
| Money                                 |
| Commercial Banking                    |
| Banking Reforms                       |
| RBI                                   |
| NBFC                                  |

## Second Semester Course Plan

|                             |
|-----------------------------|
| Priority Sector Lending     |
| NPA                         |
| Financial Regulators        |
